

Dear New Member

In February 2001 we sought information from every member at that time regarding the full range of services that they offer and the contracts that they have which they can share with other members. We hope, that by seeking and collating this information, it will provide a useful, central reference point for all members.

In order to complete this information request, access the sheet by clicking on the second tab below. Printing at that point will print only that worksheet and not this note.

You may either complete on screen and return the whole document by email ([secretary@globalfreightnet.org](mailto:secretary@globalfreightnet.org)) or print off the worksheets, write your answers and fax them back (44 1902 685164).

Thank you.

Rachel Marchant  
Group Administrator - Global Freight Group
